

FUNDING AVAILABLE

The OSCIA Executive would like to announce an opportunity that is being made available to all Regional Soil and Crop Improvement Associations.

A limited amount of funding is available for Regional Partner Grants for projects that fall into one of the following two categories:

- 1) a two-year project that begins the fall of 2010 and is completed during the fall of 2011, with funding at a maximum of \$5,000 per year
- 2) a one-year spring project conducted in 2011 with a funding maximum of \$5,000.

Results would need to be available for the 2012 OSCIA Annual Meeting in February.

Proposals must be submitted as per the Grant Guidelines on the appropriate Form B-1, along with the appropriate completed protocol template. These are available on the OSCIA website – look under grant forms for 2011.

Applications will be considered and approved on a first-come, first-served basis according to merit.
