

Eastern Ontario Crop Conference 2009 – February 19th

The Eastern Ontario Crop Conference is a cooperative effort between the Ontario Ministry of Agriculture, Food and Rural Affairs and the Eastern Ontario Crop Advisory Committee. This annual one day conference is held the third week of February at the Kemptville Campus, University of Guelph.

The program is designed to provide growers and agribusiness personnel with the latest in-depth crop management information. Participants have the option of selecting up to 8 sessions from over 22, presented concurrently throughout the day. This allows participants to select topics of importance and relevance to them. Certified Crop Advisor credits are available for most sessions. Over 300 participants attended the 2009 Eastern Ontario Crop Conference.

Topics offered at the last conference included:

- Weed Management
- Grain Marketing Outlook
- Weed Management Strategies In Roundup Ready Corn
- Weed Control In Edible Beans
- Weed Control In Organic Crop Production
- Opportunities in the Bio-Economy
- Recipe For High Yielding Soybeans
- Making Money With Edible Beans 2009
- The Future for Cereals?
- Pest Alert - Outlook For 2009
- Alfalfa Diseases and Insects
- Manure on Forages
- Occupational Health and Safety Act
- Carbon Credit Trading
- Making More Dollars from Your Pastures
- Determinant Factors in the Selection of Corn Hybrids
- Fungicides in Corn and Soybeans
- Grain Grading
- Soil Test Workshop
- Sprayer Technology Workshop
- Train Your Brain
