

Funding for Ontario Farmers Available Under the Resilient Agricultural Landscape Program (RALP)

RALP provides cost-share funding to support Ontario farmers in making their agricultural lands more productive and resilient. The program supports projects that reduce greenhouse gas emissions and sequester carbon.

Sign up for an information session to learn more about RALP, ask questions, and speak with an OSCIA representative

February 6 – 7 to 8pm. [Register here:](#)

February 10 - 1 to 2pm. [Register here:](#)

February 12 – 7 to 8pm. [Register here:](#)

February 19 - 1 to 2pm. [Register here:](#)

Questions about RALP and supporting documentation should be directed to RALP@ontariosoilcrop.org.

February 19 - 1 to 2pm. [Register here:](#) Présentateur qui parle français est disponible pendant cette séance.

L'information en français sur PPAR est disponible. Veuillez envoyer un email à RALP@ontariosoilcrop.org et nous vous connecterons avec un membre du personnel qui parle français.

The Ontario Soil and Crop Improvement Association (OSCIA) is delivering this cost-share opportunity under the Sustainable Canadian Agricultural Partnership (Sustainable CAP). The Sustainable CAP is a five-year (2023-2028), \$3.5-billion investment by federal, provincial and territorial governments to strengthen competitiveness, innovation, and resiliency of Canada's agriculture, agri-food and agri-based products sector. This includes \$1 billion in federal programs and activities and a \$2.5 billion commitment that is cost-shared 60 per cent federally and 40 per cent provincially/territorially for programs that are designed and delivered by the provinces and territories.
