

OFCAF – Program Information Sessions

NEW cost-share intake for Nitrogen Management Opens July 24, 2025

OSCIA is geared up to deliver **new cost-share opportunities for Ontario farmers** under the **On-Farm Climate Action Fund (OFCAF)**, for those who experienced increased costs for nitrogen fertilizer between March 2, and June 20, 2022.

Register for an OFCAF Program Information Sessions.

Please register for an upcoming information session delivered by OSCIA Field Representative staff to learn more about funding opportunities under **Nitrogen Management**. Sessions will be held online and there will be an opportunity for you to ask questions. Sessions are scheduled on the following dates; pre-registration is required:

- [Thursday July 10, 2025, at 8PM ET](#)
- [Tuesday July 15, 2025, at 7:30AM ET](#)
- [FRENCH SESSION - Thursday July 17, 2025, at 8PM ET](#)

For more information:

Connect with OSCIA programs staff by emailing: ofcaf@ontariosoilcrop.org or reach out to your local **OSCIA Field Representative**; [Click here to find their contact information](#).

The **OFCAF Nitrogen Management Program Guide** is available at:

<https://programguides.ontariosoilcrop.org/program/nitrogen-management/>

Information is also available on the **OSCIA website** at: <https://www.ontariosoilcrop.org/ontario-on-farm-climate-action-fund/>.

OFCAF Ontario: Empowering Ontario's farmers and advisors to implement climate-friendly practices will support Ontario farmers in their ongoing adoption of beneficial management practices (BMPs) that reduce greenhouse gas (GHG) emissions and store carbon, specifically for in-field nitrogen (N) management, expanding cover cropping, and implementing rotational grazing practices.

Funding for this project has been provided by Agriculture and Agri-Food Canada through the Agricultural Climate Solutions – On-Farm Climate Action Fund.
